Project Description (Check one): ___ Demolition; ___ Construction; ___ Agriculture/Other

Graphically denote the total estimated soil disturbance including building footprint, driveways, parking areas, sidewalks, utilities, grading, staging/stockpiling areas, stabilized construction entrance etc. – The total soil disturbance will be _____ square feet.

Submit a legible copy of a site plan or grading/plot plan with a scale and graphically denote a limit of disturbance line.

Please provide a narrative of work in box below. If necessary continue on back.

I, the undersigned, request that the subject land disturbance be reviewed for determination of non-applicability of the NJ Soil Erosion and Sediment Control Act (N.J.S.A. 4:24-et seq.) I understand that I am responsible to provide the required information and review fee as requested below. **I further understand that should the activity deviate from the information provided and/or exceed 5,000 square feet of land disturbance, any determination of non-applicability will be rendered VOID and will require a reassessment of the land disturbance by the District.** Non-applicability means the subject land disturbance does not meet the definition of a project under the Act and as such does not require formal Soil Erosion and Sediment Control Plan Certification

Signatures- Owner/Applicant must sign before submission to the District
